

HOMEBASE

BRAND KIT

Where based builders and creators come to grow.

LOGO

One house, one word, drawn in dots

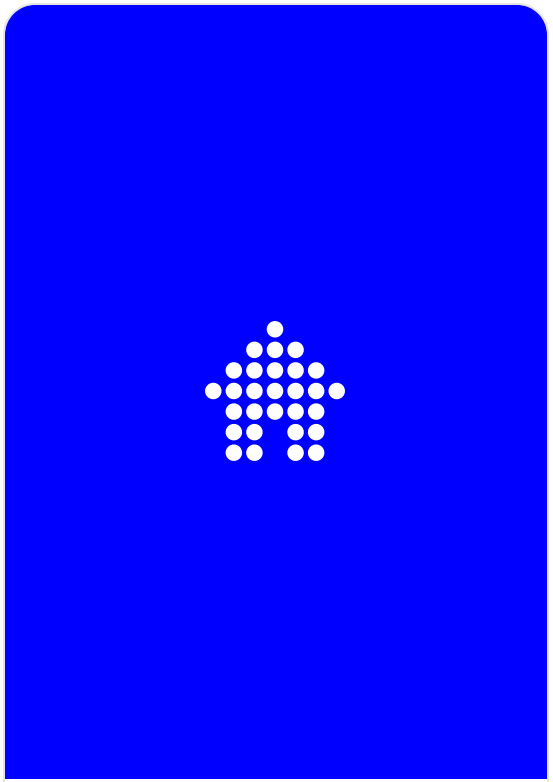

Stacked Primary

Use it by default, as on homebase.love.

Horizontal

Short, wide spaces: sponsor walls, partner grids, banners.

House mark

Avatars, app icons, favicons, stickers.

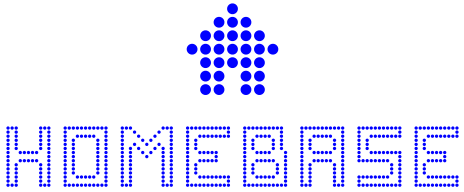

Wordmark

Very wide, very short placements.

COLOUR VERSIONS

Blue, white or ink. Nothing else.

Blue

On white or light paper.

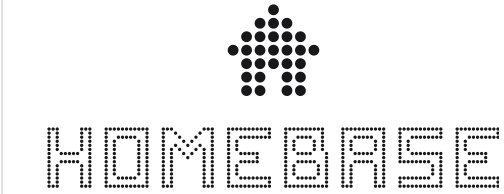

White on blue

The signature. Use it whenever you can.

White

On ink, dark photos and video.

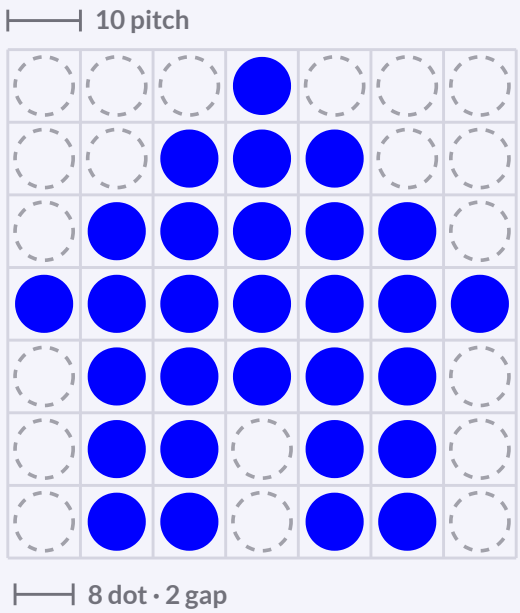

Ink

One-colour print, engraving, documents.

CONSTRUCTION

Built on a ten-unit grid

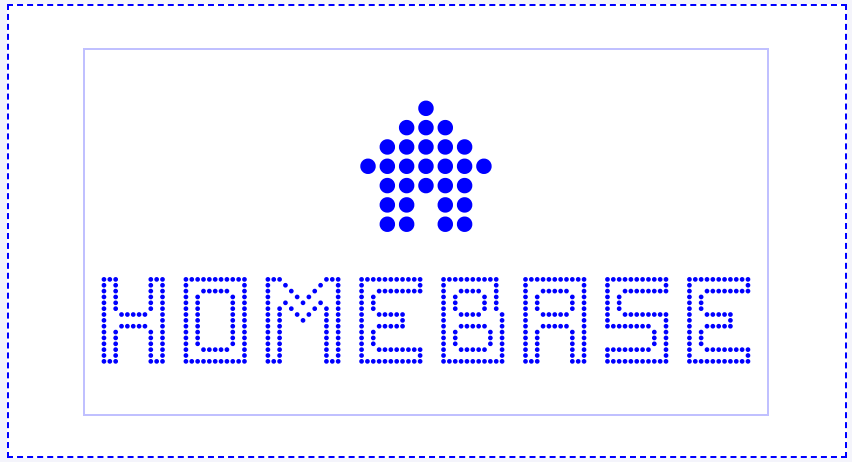

Grid	10 units from dot centre to dot centre.
Dot	8 units across, 80% of the pitch. The gap is 2 units.
House	7 × 7 cells: a one-dot peak, a stepped roof, eaves one dot wider each side, and a door one dot wide and two tall.
Letters	Solid blocks 15 cells tall and 11 wide (13 for the M), traced to their outline, so every stroke reads as two lines of dots. Letters sit 3 cells apart.
Stacked	The house at 3.3 × the wordmark's scale, centred, 7.7 wordmark cells above it.
Horizontal	The house as tall as the letters, 6 cells from the H.

CLEAR SPACE AND SIZE

Give it room to breathe

Keep at least one fifth of the logo's height clear on every side. The white-on-blue files already include this margin.

LOCKUP	SCREEN	PRINT
Stacked	200 px wide	35 mm wide
Horizontal	240 px wide	40 mm wide
Wordmark	240 px wide	40 mm wide
House mark	24 px	8 mm

Below these sizes the dots in the letters blur into lines. Use the favicon files for 16 px rather than shrinking the mark.

Round, soft and friendly

The masthead curve

A wide white ellipse cuts into the blue, so the page lands softly. Use it on web pages, slide covers and signage.

One primary blue button per card or dialog. Every other action is quiet.

VOICE

Warm, plain and specific

Like a friend who runs a good house: welcoming, direct and concrete. Name the city, the date, the number. Short sentences, no hype.
